## 6. BIO ENERGETIES & CYMATICS USING H3 GOLD LEACHER ANTENNA

Re- inventing instruments and devices, which can measure human and environment energies giving logical/digital reading has been the core strength of vastuworld. All environmental aggression needs to be rectified and suppressed. Vastuworld's foundation of vedic and German knowledge has structured a system for re- alignment of chakras, in order to make your body perform efficiently.

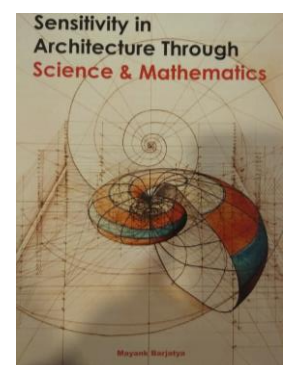

The vastuworld store enlists devices and products, which can be used very effectively for all vastu & bau-biology corrections, without breaking a single brick and without disturbing the existing building design
